February 8, 2016

Question & answer sessions via polycom with current PN1 and PN2 nursing students is being offered throughout the application period. This opportunity will be available on Friday afternoons and by appointment only. It is a great chance for interested applicants to talk to our current students in both semesters, get first hand advice and perspectives about the training program, class particulars, campus and dorm life, etc. Although this is not mandatory, it is highly recommended.
